

Thin is In

Available in 12 stunning designs, Wilsonart® THINSCAPE™ Performance Tops feature on-trend European inspired “thin” profiles. The perfect complement to today’s thinner cabinet profiles, thin countertops are trending in kitchens everywhere. When paired with classic stone and woodgrain designs, Wilsonart’s THINSCAPE™ Performance Tops appeal to both contemporary and classic styles.

Benefits of Solid Surface

THINSCAPE™ Performance Tops are highly versatile and durable ultra-thin countertops. This makes them ideal for use in single-family & multi-family builds, commercial, hospitality, retail and office furniture applications.

- **Affordably luxury** – Priced below entry-level granite and able to accommodate undermount sinks
- **Limitless Design:** Ultra slim decorative slabs feature a variety of surface material looks including large-scale stone, quartz, planked wood and aged metal designs
- **Eco-Friendly** – Designed for indoor spaces, GREENGUARD Gold Certification gives you added assurance that these tops meet strict chemical emission limits
- **Low maintenance** – Worry less about spills or messes and more about your creative vision with this low-maintenance, stain-resistant material
- **Durable** – Made to stand up to everyday wear and tear this surface is resistant to heat, impacts, scratches and moisture

Decades of Experience

Experience matters when it comes to getting a job done correct, complete and on-time. A partnership with L.E. Smith means that you can focus on your highest profit return areas while we handle your solid surface needs.

- Professional measurement and installation available
- Delivery to your location or job site is available on all non-installed projects
- Installation process allows for a seamless no-touch experience
