

L.E. Smith Company - Crescent Edge Laminate Profile

Elevate your kitchen or bath design with the Crescent Edge from L.E. Smith Company, offering the perfect blend of style and affordability. The Crescent Edge mimics the elegant “bullnose” granite edge, providing a soft curve that enhances any countertop.

Made from durable MDF and covered in high-quality Wilsonart® laminate, this edge detail eliminates unsightly brown seam lines, transforming ordinary surfaces into stunning architectural elements. Ideal for countertops, tables, desks, and reception counters, the Crescent Edge adds a beautiful finishing touch that's both practical and cost-effective.
